Tips & Tricks: TIN Matching

NC E-Procurement verifies registered NC E-Procurement vendor information with the United States Internal Revenue Services' (IRS) Taxpayer Identification Number (TIN) Matching service. This service will verify whether the Vendor Name and Federal Tax ID entered in the North Carolina electronic Vendor Portal (NC eVP) matches the information in IRS records, for 1099 reporting purposes.

Each Vendor will have an "IRS Verification Status" based on the results of the verification process. These statuses are:

- **Pending:** The vendor has not yet been matched using the IRS Tin Matching service
- **Verified:** The Vendor Name/TIN combination *matches* the IRS records
- **Not Verified:** The Vendor Name/TIN combination *does not match* IRS records
- **Not Applicable:** The vendor is a foreign vendor without a U.S. Federal Tax ID Number and IRS verification does not apply to this vendor

Please Note: There are additional steps taken with vendors when the information does not match the IRS TIN Matching database and the vendor is classified as "**Not Verified.**" Buyers should contact their purchasing leadership for guidance regarding purchasing from vendors whose IRS Verification Status is "**Not Verified.**"

More information on TIN Matching and locating the IRS Verification Status can be found in the [Vendor IRS Verification Status](#) job aid.
