Training Spotlight Cape Fear Community College and Catawba Valley Community College rolled out paper-free requisitioning in NC E-Procurement to users across their entire campuses last month. Along with NC E-Procurement, they offered requester and approver training sessions to the new users. The community colleges focused on the ease of shopping the Punchout Catalogs and streamlining their purchasing processes. Thank you to all who participated!

Tips & Tricks: Discounts Have you encountered pricing that involved the need to apply discounts to line item prices and purchase order totals? If you wish to include a discount while creating an eRequisition, the NC E-Procurement Team recommends the following:

1. Enter the price of the line items with the discount already applied (e.g., a line item with a price of \$1.00 and a 25% discount will be entered with a price of \$0.75).
2. Add a comment to the line item noting the original price (i.e., before the discount) and the amount of the discount applied to it.
