

The Source NC E-Procurement Newsletter

March 2016 Edition

New Releases Based on recent feedback from LINQ (the accounting software formerly known as “ISIS”), NC E-Procurement made updates on March 3, 2016, to the **‘Account Code’** and **‘Tax Rate’** fields.

- All entries in the **‘Account Code’** field must now be exactly nineteen (19) characters in length. If the entry is not exactly nineteen characters, the user will receive an error message upon submit.
- **‘0%’** is now an available option in the **‘Tax Rate’** field. The tax rate will still default to that of the county within which the purchasing entity is based, but if a purchase is not subject to county taxes (for example, a line item for the cost of shipping an item), select **‘0%’** instead of **‘Other’**.

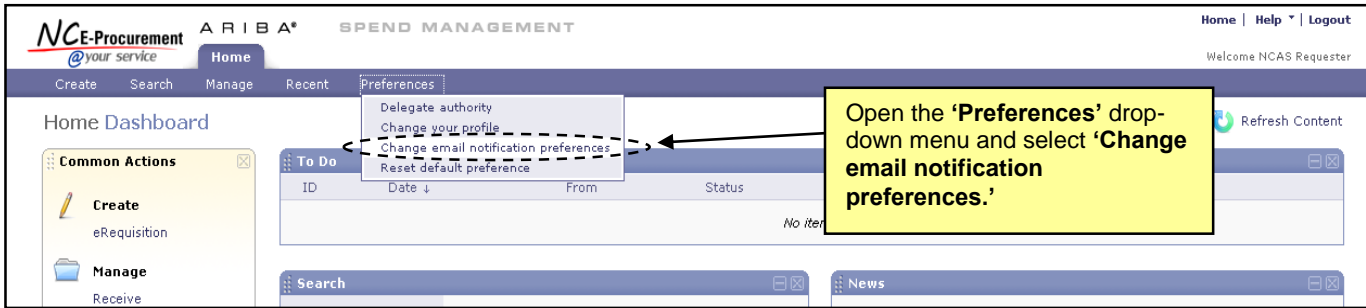

E-Procurement at the CAGP Conference on March 8 NC E-Procurement will be hosting a vendor booth at the 60th Annual [Carolinas Association of Governmental Purchasing \(CAGP\)](#) Conference and Vendor Expo in Greenville next week. Stop by and talk with the E-Procurement team about how the system can be used to save money and simplify purchasing.

P&C’s Training Roundup The Division of Purchase & Contract (P&C) offers various training courses related to procurement throughout the year. Please see below for a list of upcoming trainings to be offered later this month and in April. For further course details and registration instructions, please refer to the [2016 Course Catalog](#).

4/27	E-Procurement	Raleigh	Wake Technical CC 321 Chapanoke Rd.
4/28	eQuote	Raleigh	Wake Technical CC 321 Chapanoke Rd.

Tips & Tricks: Edit Email Notification Preferences Notifications are email messages that NC E-Procurement automatically sends to keep users informed of the progress and status of active approvables. Notification messages describe the purpose of the notification, and most include a link to the relevant request or document in NC E-Procurement so that users can quickly take action or access information. Users may edit the frequency and content of their email notifications.

1. Click **'Preferences'** on the Menu Bar and select **'Change email notification preferences.'**

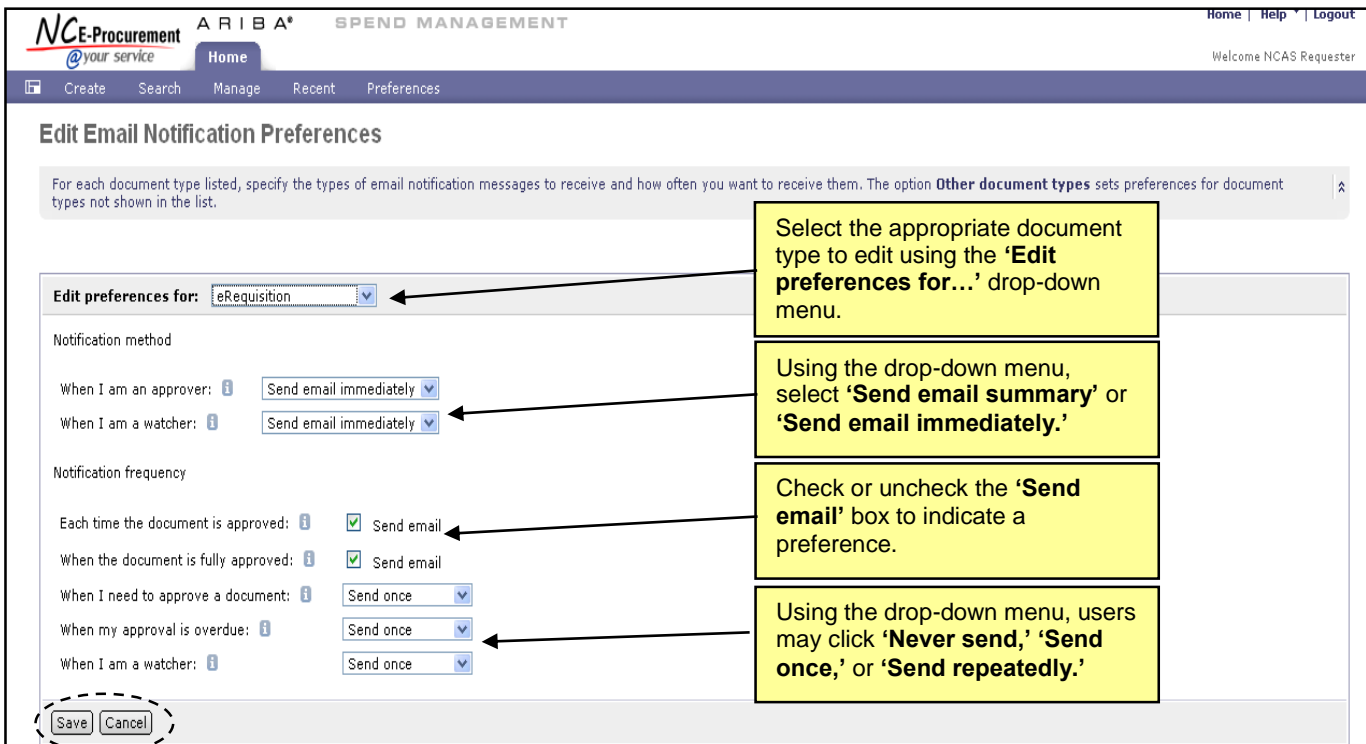

2. Select the appropriate document type to edit using the **'Edit preferences for...'** drop-down menu.

Note: Email notification preferences must be set independently for each document type. The six options in the drop-down menu are **'Other document types,' 'UserMaintenance,' 'eRequisition,' 'AddressMaintenance,' 'Receipt,'** and **'User Profile.'**

3. The **'Edit Email Notification Preferences'** page will automatically appear when a document type is selected. In this example, **'eRequisition'** has been chosen from the drop-down menu (See screenshot below).

Note: Similar screen choices appear for all document types.

4. The **'Notification method'** section allows the user to select whether to receive separate email notifications for each approvable (i.e., **'Send email immediately'**) or to receive all email notifications for the day as one daily email summary (i.e., **'Send email summary'**).
5. The **'Notification frequency'** section allows the user to select if and how often they receive email notifications. Users can choose to never receive email notifications, receive one notification, or to receive notifications repeatedly on a daily basis.
6. Click **'Save'** to update preferences or **'Cancel'** to return to the NC E-Procurement Dashboard without changing the preferences.

Note: For a more detailed tutorial on this and other related processes, please visit the **'User Training'** portion of the NC E-Procurement website (<http://eprourement.nc.gov/>).
