NC electronic Vendor Portal Entering Bid Tabulations & Awards

After receiving Vendor responses to publicly posted solicitations, Procurement Users (PU) are required to post Bid Tabulations and ultimately an Award notification in the Public electronic Vendor Portal (eVP). '**Preliminary Bid Tabulations'** include only the names of participating vendors, while '**Final Bid Tabulations'** include the pricing associated with participating vendor responses. '**Awards'** will provide basic information around the contract and the vendor to which it was awarded.

I. Create a Bid Tabulation for Vendor Totals

'Bid Tabulations' can be created to reflect 'Vendor Totals' or 'All Bid Items.' The 'Vendor Totals' option is simpler and will reflect only the vendor's name and total dollar amount of their bid.

- 1. From the dashboard of the Agency App, click on **'Solicitations'** in the Navigation Panel and select a solicitation with a status of **'Pending Selection'** for which there are no tabulations.
- 2. Click on the 'Tabulations' tab and note that 'Post Vendor Totals Only' is the default option in the 'Tabulation Posting' dropdown.
- 3. In the **'Tabulations'** sub menu, click **'New Tabulation'** to add a new tabulation.

4. The 'New Tabulation' screen will appear with pre-populated information about the attached solicitation. From the 'Vendor' lookup field, search for and select a vendor who responded to the solicitation. Click on the lookup result so that it displays in the gray box above the search bar.

Notes:

- Once a vendor is selected, the following fields will automatically populate with information associated with the selected vendor and be read-only:
 - 'Vendor Account Id'
 - o 'Hub Status'
 - o 'NCSBE Status'
 - 'Disabled Business Enterprise'
 - 'Non-Profit Work Center'
 - o 'State of NC'
- Only vendors with an active eVP registration will return in the search results.
- PUs can search via eVP Vendor Name or eVP Customer Number.
- Clicking 'Advanced lookup' will allow the PU to see more details about each vendor record.
- Clicking the 'X' next to a selected vendor will remove it if it was added in error.

- 5. Fill out the six remaining optional fields if necessary.
- 6. **'Delivery'**: In this free text field, enter information about the delivery terms if appliable.
- 7. 'Partial Bid': Check the box to indicate the vendor submitted a partial bid.
- 8. 'Resident(NC) Bidder': Check the box to indicate the vendor is based in North Carolina.
- 9. 'Requesting Price Match': Check the box to indicate the vendor is requesting a price match per EO 50.
- 10. **'Total Price'**: Enter the total price of the vendor's entire bid in dollars. This field is not required, and it is advised that it be left empty for the purposes of posting a **'Preliminary Bid Tabulation.'**
- 11. 'Comments': Enter any relevant comments to add context to the vendor's listed bid.

Note: 'Comments' are not internal. They are posted publicly, so consider that when entering.

12. When all fields have been completed, click 'Save' or 'Save & Close' on the Command Ribbon to save the tabulation for that vendor.

Notes:

- Clicking 'Save' will keep the PU in the current tabulation on the 'General' tab, and the tabulation will be assigned a number by the system.
- Clicking 'Save & Close' will return the PU to the 'Tabulations' tab of the solicitation. To edit the tabulation from here, select the radio button next to the tabulation and click 'Edit' above.
- 13. Repeat steps 3-12 for each participating vendor.

Note: The same vendor can be added more than once if that vendor has submitted an alternate bid.

14. When all tabulations have been added, click '**Post Tabulation**' on the command bar to post the tabulation on the Public eVP. Click '**OK**' on the '**Post Tabulation Confirmation**' screen to finalize the posting, or '**Cancel**' to adjust before posting publicly, after which point certain aspects of the tabulation will not be editable.

II. Create a Bid Tabulation for All Bid Items

State Procurement Users (PUs) can enter 'Bid Tabulations' in greater detail for 'All Bid Items' if preferred. PUs will first create a 'Bid Item' for all items within the solicitation, then attach a 'Tabulation' for each vendor's response to those 'Bid Items.'

- 1. From the dashboard of the Agency App, click on **'Solicitations'** in the Navigation Panel and select a solicitation with a status of **'Pending Selection'** for which there are no tabulations.
- 2. Click on the 'Tabulations' tab and select 'Post All Bid Items' from the 'Tabulation Posting' dropdown.
- 3. In the 'Tabulations' sub menu, click 'New Bid Item' to add a new Bid Item for the tabulation.

4. The **'New Bid Item'** screen will appear with the pre-populated **'Project Title'** for the attached solicitation. Fill in the **'Item Description'** field to describe the item being recorded.

Note: The **'Item Number'** field will automatically populate in accordance with the number of Bid Items that have been added to the solicitation once the page is saved.

- 5. Fill out the three remaining optional fields if necessary.
- 6. 'Quantity': Enter a numeric value for the number of items being asked for.
- 7. **'Unit':** From the dropdown, select the **'Unit of Measure'** for the item being recorded. **'each (EA)'** is the most common UOM, but numerous options are available via search. Click on the desired lookup result so that it displays in the search box in a bolded font.
- 8. **'Manufacturer/Model No'**: Check the box to indicate this item has a recognized Manufacturer of Model Number.
- 9. When all fields have been completed, click 'Save' or 'Save & Close' on the Command Ribbon to save the new Bid Item in the system.

Notes:

- Clicking 'Save' will keep the PU in the current Bid Item on the 'General' tab.
- Clicking 'Save & Close' will return the PU to the 'Tabulations' tab of the solicitation. To edit the Bid Item from here, select the radio button next to the Bid Item and click 'Edit' above.
- 10. Repeat steps 3-9 for each additional Bid Item that needs to be added to the **'Tabulation.'** For example, if the solicitation asked for vendors to submit bids on three items, then three **'Bid Items'** should be created.

Note: The same vendor can be added more than once if that vendor has submitted an alternate bid.

26. When all tabulations have been added, click '**Post Tabulation**' on the command bar to post the tabulation on the Public eVP. Click '**OK**' on the '**Post Tabulation Confirmation**' screen to finalize the posting, or '**Cancel**' to adjust before posting publicly, after which point certain aspects of the tabulation will not be editable.

Note: To see the tabulation details of all bid items for all vendors at once (this is not possible within the agency app), click the **Export Bid Tabulations** button in the top right of the **Tabulations** section. An Excel file will generate with that information.

III. Delete or Update a Bid Tabulation Before Posting

Once a 'Bid Tabulation' has been posted, the 'Tabulation Posting' type and vendor(s) selected cannot be deleted or updated, but before clicking 'OK' on the 'Post Tabulation Confirmation' screen, they can be.

- 1. To delete an incorrect 'Vendor' tabulation from a 'Post Vendor Totals Only' tabulation, check the box to the left of the vendor.
- 2. A 'Delete Tabulation' button will appear in the top right of the 'Tabulations' section. Click the button and select 'Delete' on the subsequent 'Confirm Deletion' popup screen.

IV. Edit a Posted Bid Tabulation

Before a 'Bid Tabulation' has been posted in either the 'Vendor Totals' or 'All Bid Items' version, the bid amounts can be edited if necessary. This would be suggested for State Procurement Users (PUs) who posted a 'Vendor Totals Bid Tabulation' without pricing as a 'Preliminary Bid Tabulation,' and are now at the point where they need to post a 'Final Bid Tabulation' that includes pricing. The PU can go back to the posted 'Bid Tabulation,' edit it to include pricing, and 'Save' the changes which will then update the posted version on the Public eVP.

- 1. From the dashboard of the Agency App, click on **'Solicitations'** in the Navigation Panel and select a solicitation with the **'Tabulation'** that needs to be updated. Click on the **'Project Title'** to open the solicitation.
- 2. Click on the '**Tabulations**' tab and scroll down to the '**Tabulations**' sub menu. Click the radio button to the left of vendor tabulation to be edited and click the '**Edit**' button.

- 3. Add a dollar value in the 'Total Price' field representing that vendor's total bid amount, then click 'Save & Close.'
- 4. Repeat steps 2-3 for each participating vendor, then click 'Save & Close.' All edits will be reflected on the Public eVP.

Notes:

- To edit an 'All Bid Items Bid Tabulation,' double click on posted 'Tabulation' for a vendor on the 'Tabulations' tab of the solicitation, then select the radio button next to the Bid Item to change, and click the 'Edit' button. Make any changes and click 'Save & Close' to access any other Bid Items for that vendor that may need edits and repeat the process.
- A list of 'Active Tabulations' is also available by clicking on 'Tabulations' in the Navigation Panel.

V. Post an Award

When a solicitation is complete and a State Procurement User (PU) has determined the vendor that will be awarded the contract, an Award Notification is required to be posted onto the Public eVP.

- 1. From the dashboard of the Agency App, click on **'Solicitations'** in the Navigation Panel and select a solicitation with a status of **'Pending Selection'** where the awarded vendor has been determined.
- 2. Click on the 'Awards' tab and click 'New Award' in the 'All Awards' sub menu.

3. The 'New Award' page will appear with the 'Solicitation' field pre-populated. From the 'Vendor' lookup field, search for and select the vendor who will be awarded the contract. Only vendors listed on the 'Tabulations' will appear in the dropdown.

Note: Clicking the 'X' next to a selected vendor will remove it if it was added in error.

- 4. Fill out the seven remaining optional fields if necessary.
- 5. 'Description': This field is read only and will automatically populate later in the process.
- 6. 'Purchasing Agent': Enter the name of the Purchasing Agent associated with this procurement.
- 7. 'NC City': Enter the name of the city where the goods or services will be provided.
- 8. 'NC County': Enter the name of the county where the goods or services will be provided.
- 9. 'Award Amount': Enter the amount of the contract awarded to the vendor in dollars.
- 10. 'Date Awarded': From the Date Picker, select the date when the awarded vendor was determined.

- 12. 'Reciprocal Preference Award': Switch the toggle to 'Yes' if this is a 'Reciprocal Preference Award.'
- 13. 'Price Match Award': Switch the toggle to 'Yes' if the awarded vendor was a price match vendor.

Note: If **'Price Match Award'** is **'Yes,'** four additional numeric value fields will display to detail the number of vendors in the following categories:

- 'Number of Non-Resident Bidders'
- 'Number of Resident (NC) Bidders'
- 'Requesting Price Match'
- 'In Price Match Range'
- 14. When all fields have been completed, click 'Save & Close' on the Command Ribbon to save the 'Award.'
- 15. Click 'Post Award' to post the Award Notification to the Public eVP.

Note: If the contract is being awarded to multiple vendors, repeat steps 2-14 as many times as necessary BEFORE clicking '**Post Award**'.

VI. Viewing Posted Tabulations and Awards on the Public eVP

All posted **'Tabulations'** and **'Awards'** attached to a solicitation will be visible within that solicitation on the Public eVP. To verify the public version of a new **'Tabulation'** or **'Award'** appears correctly, navigate to the Public eVP.

1. From the Public eVP, click on either the **'Solicitations'** link at the top of the screen or on the **'Browse Solicitations'** button.

2. The public 'Solicitations' page will display. By default, solicitations are sorted by 'Opening Date,' but clicking on any of the column headers will sort by that column. It is suggested that users select 'Awarded' from the 'Solicitation Status' field in the 'Filters' section.

3. Click on the '**Solicitation Number**' of the solicitation attached to the '**Tabulation**' or '**Award**' of interest. On the subsequent solicitation details page, scroll down below the main posting at the top, followed by any attachments and addenda, and any '**Tabulations**' and '**Awards**' will display at the bottom of the page. Click the down arrows to the right of any result to see more detailed information on that entry.

Note: If the tabulation was a **'Vendor Total Bid Tabulation**,' there will be no additional information available when clicking on the down arrow to the right of the entry.

VII. Cancelling a Solicitation in 'Pending Selection' Status

If a solicitation reaches '**Pending Selection**' status and the State Procurement User (PU) decides they will not be awarding it, the PU may '**Cancel**' the solicitation.

Note: This option is only available to Non-Sourcing PUs. Cancelling an NC eProcurement Sourcing solicitation happens on the Sourcing Event itself, and the status will transfer to eVP.

1. From the 'General' tab of the 'Pending Selection' solicitation, click the 'Addendum' button at the top of the screen.

2. A message will appear reminding the PU that their only option at this time is to **'Cancel'** the solicitation. Click **'OK'** to continue.
