Registering in eVP

The North Carolina electronic Vendor Portal (NC eVP) is an internet application that allows companies and individuals to register to do business with the state of North Carolina. The application allows vendors to register for the Department of Administration procurement related systems, including the North Carolina Small Business Enterprise Certification (NCSBE), the Historically Underutilized Business Certification (HUB Certification), and NC eProcurement. In addition, an eVP account enables vendors to respond electronically to specified solicitations and receive nightly solicitation notifications.

This guide provides detailed steps to complete the registration process. If there are any questions during the registration, please contact the NC electronic Vendor Portal Help Desk via phone at 888-211-7440, option 2, or via email at vendor@nc.gov.
