NC eProcurement 2020 Upgrade News – Webinar Training Series!

As part of the NC eProcurement upgrade, we are hosting a series of “What’s New” webinars designed to teach how different user roles will use the upgraded system. You are invited to attend each session that applies to you by using the links below. If you are unsure about which webinar(s) you should attend, please defer to your entity’s system administrator. If you are unable to make any of the webinars before Go-Live on July 1, we encourage you to watch a recording of the webinars that will be posted on the NCEP website.

For your convenience, the webinars for requesters and approvers are each offered twice.

If you need assistance connecting to a call, please contact the help desk at 888-211-7440 (option 1). We look forward to (virtually) seeing you!
