STC Quarterly Reporting

Introduction

The North Carolina electronic Vendor Portal (eVP) is an internet application that allows companies and individuals to register to do business with the state of North Carolina. Statewide Term Contract (STC) Vendors are also able to submit quarterly reports in eVP. This guide provides detailed steps enter STC Quarterly Reports in an eVP account.

Learning **Objectives**

At the end of this job aid, **you will be able to**:

- Access STC Quarterly Reporting in eVP.
- Submit a STC Quarterly Report in eVP.
- Revise or Correct an STC Quarterly Report in eVP.

Accessing an Existing eVP Account

1 The eVP login page requires Multifactor Authentication (MFA) via email. MFA adds an additional layer of security with two-step verification to access your eVP account.

A. Navigate to the eVP homepage at https://evp.nc.gov and click the **Sign In or Register** button or the **Sign in** link in the top right of the screen.

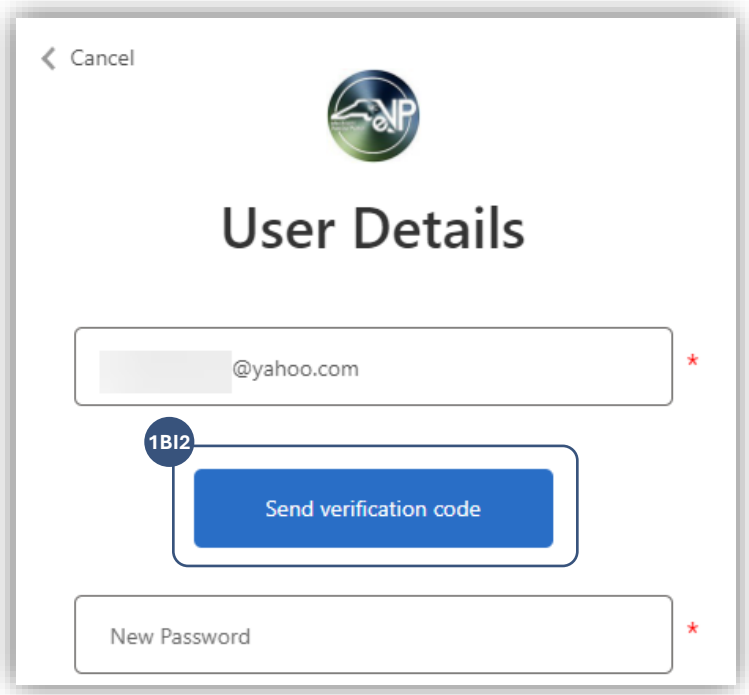

B. Click the **Login** button on the next page.

I. Credentials (Email Address and Password) are known:

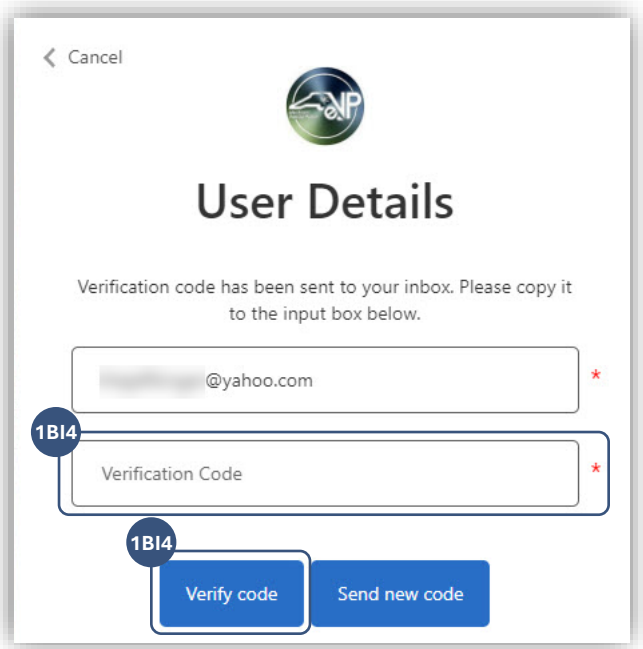

1. Enter established credentials into the **Email Address** and **Password** fields. Click the **Sign in** button.

2. After signing in, a Multifactor Authentication (MFA) verification code will be required. Enter the same email address into the **Email Address** field. Click the **Send verification code** button.

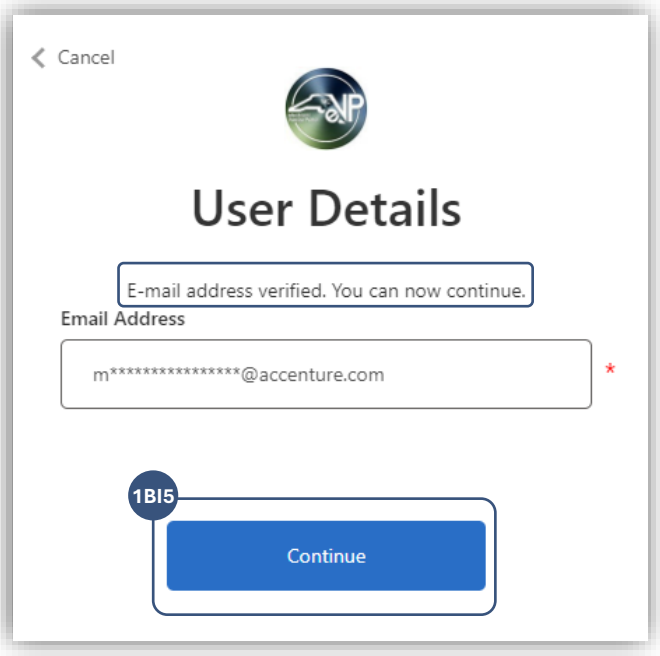

3. Upon clicking **Send verification code**, a verification email will be sent to the email address provided, and a **Verification Code** field will appear on the **User Details** page. In the verification email, there will be a verification code.

4. Type the verification code received in the email into the **Verification Code** field and select **Verify Code** to enable MFA for the eVP account.

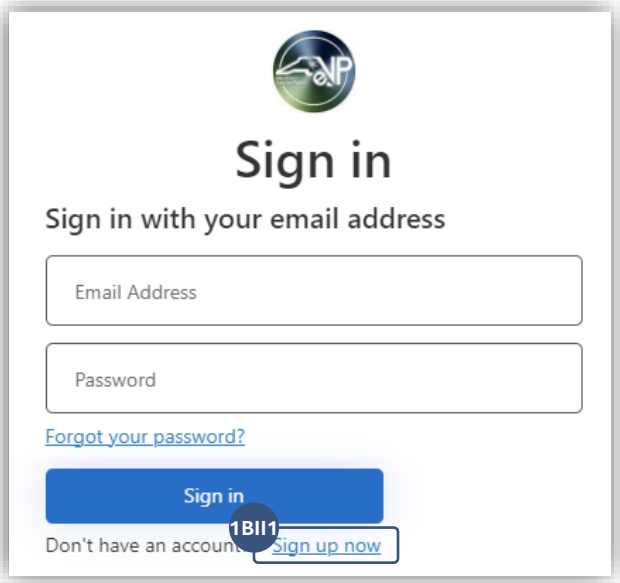

5. Once verification is complete, users can click Continue to proceed to use eVP.

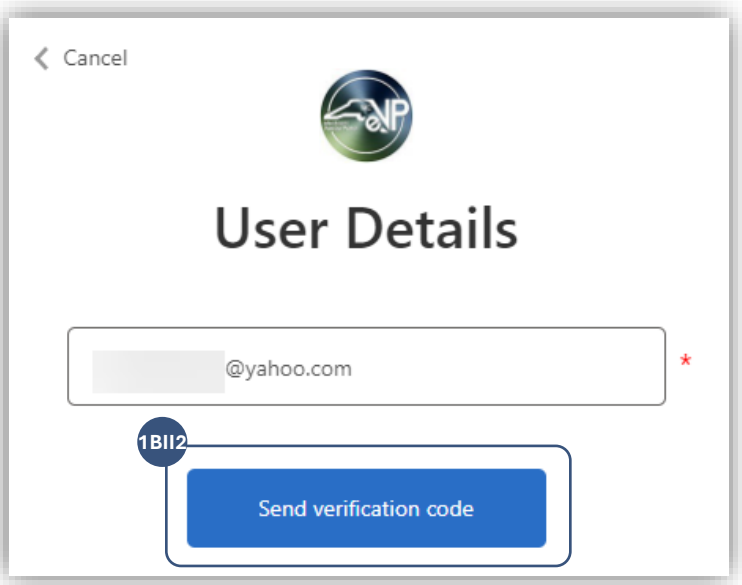

II. Credentials (Email Address and Password) Have NOT been established:

These instructions are for vendors who have an eVP account but have not accessed it since July 2023.

1. Click the **Sign up now** option that is located under the **Sign in** button.

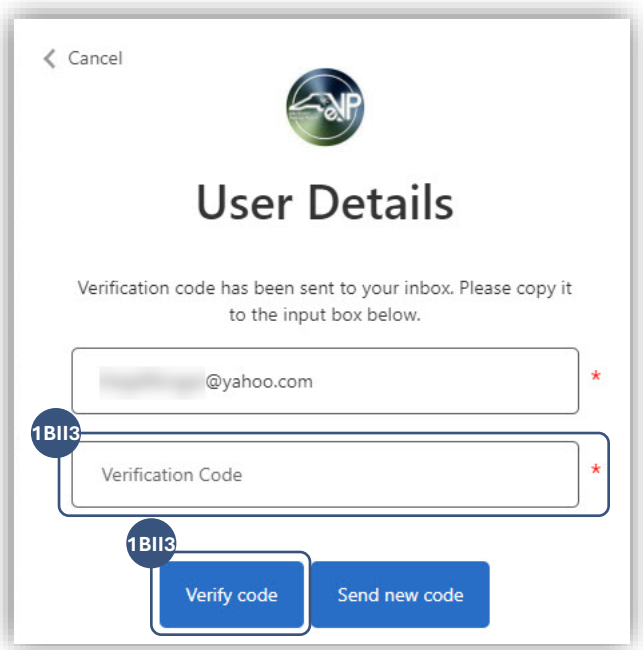

2. Type the email address to be associated with the eVP contact into the **Email Address** field on the subsequent **User Details** page and click the **Send verification code** button. The verification code will be sent to the email address provided.

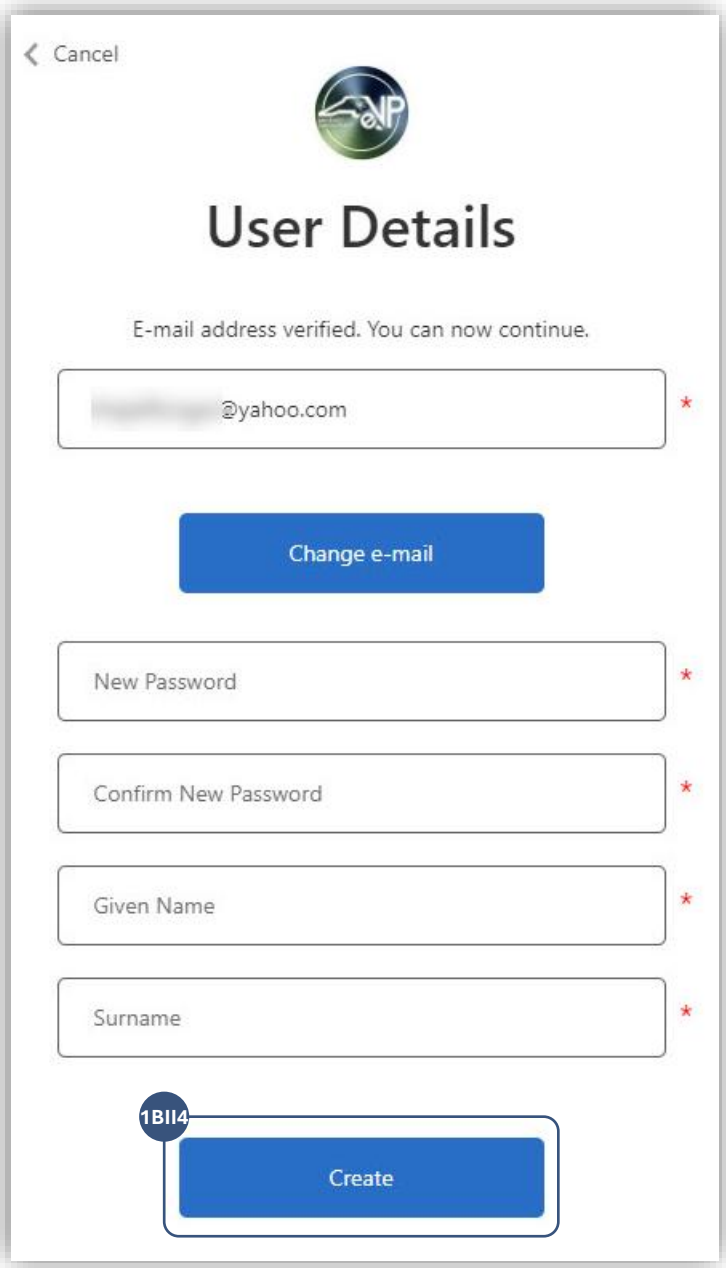

3. A **Verification Code** field will display. Type the verification code sent via email into the **Verification code** field and click the **Verify Code** button, then click the **Continue** button.

If an incorrect verification code is used, an error saying “The verification has failed, please try again” will appear.

4. The **User Details** page will display and contains several required fields requesting more information about the person registering the company. Complete the **New Password**, **Confirm New Password**, **Given Name**, and **Surname** fields and select the **Create** button to establish credentials.

- The **Given Name** field should be the users first name, and the **Surname** field should be the users last name.
- Ignore the **Change e-mail** button.

5. After establishing credentials in eVP, users will have to enable Multifactor Authentication (MFA). Please refer to the steps above beginning with **1BI** for enabling MFA.

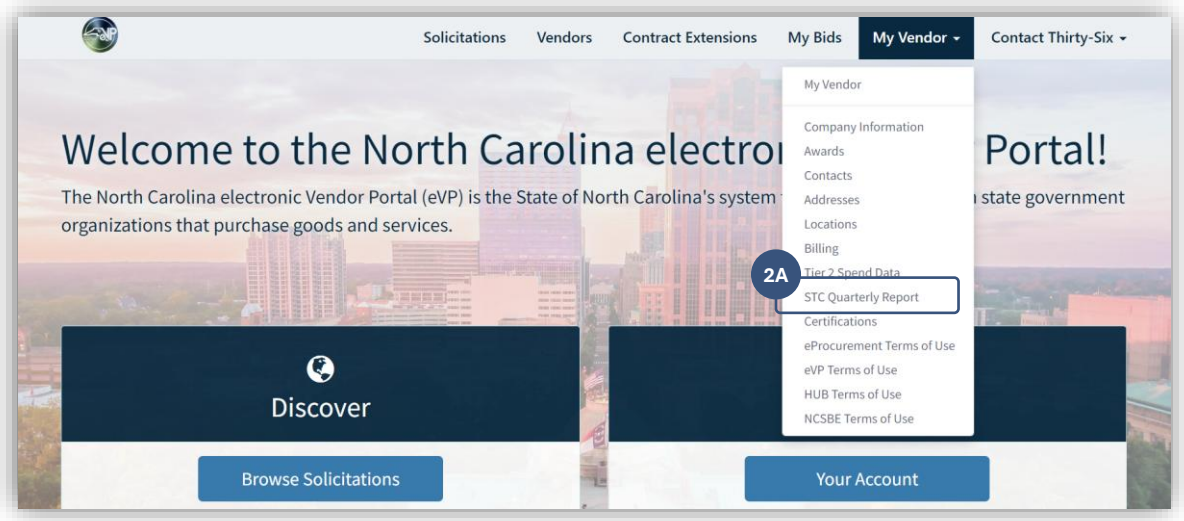

- The MFA code will be different from the verification code used to authenticate the email address when establishing credentials.
- Have credentials but forgot password? Select **Forgot your password** on the **Sign In** page. Establish a new password, then follow the steps beginning with **1BI** for enabling MFA
